

BE TRANSFORMED BY THE RENEWING OF YOUR MIND... (ROMANS 12:2 NIV)

Greetings Brothers and Sisters

I guess every one of us like on renewing our stuff, like cameras, computers, remodeling the house, clothes. Everything that comes in a new version and in a better way! So every one of us likes good better, and strives for the best. We want new things it's because we think that will make our task easy to do it. So we humanity is running toward perfection on the worldly perspective, I guess we Christians are running toward perfection on the heavenly perspective.

Well we all have been so excited when we were renewed on God; sometimes we lose our joy of our renewal because we forget to update our spirit with the Living Word of God. We get so focused on the worldly things and we just forget the most important thing in the world, that is the care our soul.

As servants of Christ here in Fier, we try to use every single opportunity that we have to let people know how important is the renewing of the spirit and becoming a new creature as God designed us to be.

Sometimes it's hard to tell people the difference being with God, when they are facing problems because they are so focused on their problem, only a solution of their problem will make their life better. One of our contacts it's facing economic problem, I know it's a worldwide problem, but this one is working and he hasn't receive his salary almost of 3 months' worth, and makes his life more difficult, I saw him write the name buying bread, I saw him borrowing money to buy a cake for the birthday of his daughter. All this stuff going on his life, only a presence of someone hearing his frustration it seems that it means a lot. Being always ready to hear this kind of people has been our duty and our duty.

Bible Study with Klodi...

We almost every time have asked to pray for Klodi, well it's encouraging to see in him changes taking place, the desire to learn more about God, his attendance to Bible Classes and on Worship service. It tells a lot of his desires to be renewed on God, pray that this thing one day may happen. I am studying with him and it's encouraging to hear every time that he is so glad that now can see things different and that he can see that he is being changed into a better person.

Wednesday Bible Classes

We are continuing our study on the topic of "**Humbleness**" and these to past Wednesday we studied about "**Taking Pride Off**" It has been a very challenging because everyone of us has a some of called pride, and we really have to deal before it destroyed our relationship with God,

and caused some discussion through the class which is good because it tells the interest of everyone to be changed in the image of God.

Sunday Worship Service

Sunday the 2nd; thanks to God we were able to join and be together and worship Him. I was encouraged by the fact that Enis, our brother in Christ 15 years old was able to lead us in prayer and read the Scripture for Us. I taught from **Luke 17:11-19** “**Not Forget to be thankful to the Lord.**

Sunday the 9th; thanks to God we were able to join and be together and worship Him. Thanks To God Edi came back safely. Also it was encouraging seeing him being encouraged by the brethren at Slicer Street Church of Christ Kennett Missouri. Also very encouraging was having IBIA Students and with the Dean Steve Stamatis and his wife Deborah Stamatis with us worshipping. Edi challenged us from (**1Peter 5:6-9**) To be humble, To stay Awake and To confront the enemy.

In His Holy Name
