Newsletter May—July 2019

I imagine that everyone that is reading this newsletter about the Lord's Work here in Fier Albania, is either serving God fulltime or in other capacity. Being disciple of Christ that means directly serving God.

As you are about to read this *Newsletter*, I want to challenge you just a little bit. By reading 1 Corinthians 13:4-8a instead of word Love try to put your name. *I have been challenging myself as I go in the field of the Lord try to remember this as my moto.*

_____ is patient, _____ is kind. _____ does not envy, _____ does not boast, _____ is not proud. ⁵ _____ does not dishonor others, _____ is not self-seeking, _____ is not easily angered, _____ keeps no record of wrongs. ⁶ _____ does not delight in evil but rejoices with the truth. ⁷ _____ always protects, always trusts, always hopes, always perseveres. ⁸ _____ never fails.

We are called a body of Christ when we come together, and as result we can help one another to have the attributes of love. And as Jesus said by the love that you have for one another the world will now that you are my disciples. Now by the time you enter to the family of God and being part of Christ's body, you are under the obligation to share with others; Why you enter to the family of God? And How to enter to the family of God. We are called to love one another; we are told not to be a stumbling block but instead a stepping stone that will lead us to the Lord. We are called to be a stepping stone not only for believers but also nonbelievers to come to know God.

May and June.

During these two months have been focused on recruiting students for the campaign of WEI that was held 1st of July – 26th of July.

Continuing building relationships with different people around the city. Another thing as we are trying to reaching out, we are trying to reach in too. We have been trying to encourage our brothers and sisters to continue with personal Bible study also as Church. Reminding one another that we have an obligation to live the Christian life also tell others about Jesus.

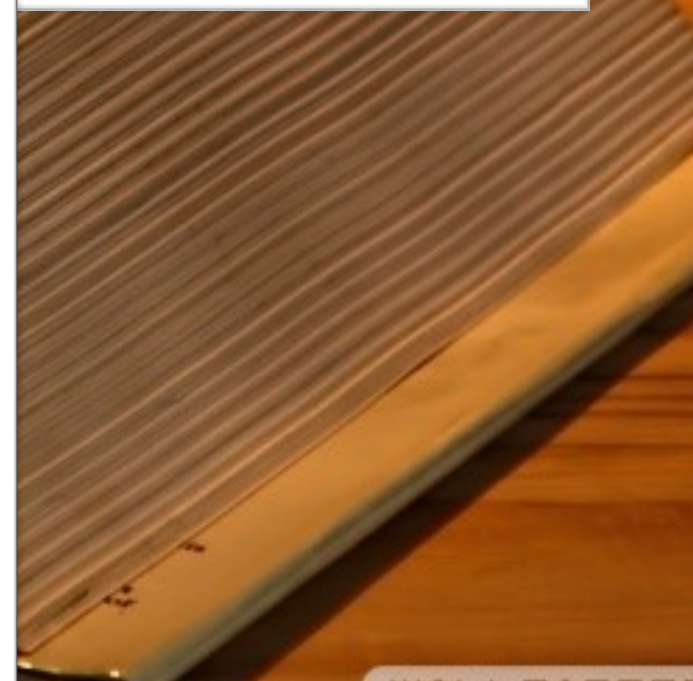

During month of June we did some repairs to the church building getting ready of class for Wei. Also, we did build two dividers to divide the class in separate spaces for each teacher and student. Klodi our brother in Christ has been and is a tremendous help here around the Church. He also with another young man Stilian, does not attend our Church but comes around and helps with different things. He has his own belief and doctrine, and this is one of the reasons that does not attend our Church. But times to times he comes around and is ready to help he even helped to recruit students for Wei. Keep him in your prayers maybe he will come to believe what really Bible teaches us to believe.

Wei Campaign but Also Evangelizing Campaign 1st - 26th of July.

We had the blessing a WEI campaign for 4 weeks, and we had the privilege of having two teams from US to help us during this time. We can use any help that we can get to bring people closer to God. The love and respect that these teams showed to the students has done such great impact to them. This is just one example that you cannot have the attributes of love alone but as body of Christ you can. We had 35 students sign up this year, and we had only 4 people to teach, some of students drop out but again we had such a great group that continued to the end. One of the blessings that we had this from the students was the fact that most of them were adults at their 40's. Which are families that are established and working here in Fier. Again, there are so many people that helped for this campaign with prayers and all other things. It cannot be done alone. During the campaign we have been trying not only to teach the students but also find some time to visit with them. During the classes teachers have done a great job finding sometime to have coffee or ice cream with students so they get to know each other more. The relationships that we have established this year are because the care and love of so many people. And the last day of our campaign we invited all the students for dinner, some of them brought their families too. It was such a great blessing to meet the families of our students, two of our students brought their wives and children. Love, respect and trust are such virtues that are build in relationships but can not be done alone.

Some Pictures from the WEI Campaign 2019

PRAYER REQUESTS

Please Pray for the students that we had during this campaign that the Word of God may give fruits one day.

Thank God for this campaign and for the opportunity to serve Him. For all the people that He blessed us with during this time.

Pray also for the families that we are in contact with that our relationship may grow in way that they will come to want to know Christ.
