- Sunday: 10:00 -11:30 Worship Service

## 2020 REPORT

*If we are thrown into the blazing furnace, the God we serve is able to deliver us from it, and he will deliver us from Your Majesty's hand. <sup>18</sup> But even if he does not, we want you to know, Your Majesty, that we will not serve your gods or worship the image of gold you have set up."*

It is strange time where the world is trying to protect themselves (physically) from the virus and because of this we have been distancing ourselves from each other. And no body knows if is infected or not. We have gotten our focus so much on physical level, and I think we running away from spiritual level. These things are not new, suffering and pain has been here since sin entered to this world. We are called out of this world, we should be able to say no matter what happens We will follow the Lord. If I am saved or not from the suffering and pain of this world. I will not serve any other gods. I want to serve the Lord of lords and be with Him in eternity.

2020 will be a year to be remembered by all of us. We will tell stories generations to come. Started with the Lock down and the Summer went fast. During this time, we have done our best to stay in touch with our brothers and sisters.

### Staying In Touch with the Church Members.

We have been trying to have classes online. There are so many ways to have video conferencing for free. But Our church members are not that advanced on technology. The easiest way to make that possible only through YouTube. Because it does not require them to install anything just open the link that I have sent. There are challenges with this new way of communicating too, Recording, video editing and so many things that will come along with that. So many of us have found themselves unprepared. But over all we have tried to do our best.

### Reaching to the Community

During this time we have donated 1000 cloth face masks and 6 oximeters to the Hospital of Fier. I got in contact with staff of the hospital through a friend that works as nurse, also he has his daughter at the same class with my son Joel. Also we have donated 100 cloth face masks to the people that we know. To the Motherhood Hospital we donated 11 chairs for their offices. Through the doctor that followed up Vosjana's pregnancy.

### Keeping up with the Contacts

Another challenge it has been trying to be in touch with people that we have been working on to evangelize. We have been trying to be in touch with different contacts through phone calls also trying to visit in distance as much as we can. Because our hands are tied up with so many rules from the government that change time to time. But we try to do our best with what we have building relationships and taking to the next level. Trying to bring them close to God.

### Prayers Requests

Let's pray for one another may God be with us and keeps us safe and be a blessing for one another.

**In His Service**
