...I have not found such a great faith... (Luke 7:9)

Dear brothers and sisters,

The most beautiful, indescribable and powerful thing is when our God is amazed with our Faith. Our God can see and do great things into small people! The Lord our God can do great things into His church! When the world tells us that we are small, God shows that we are great, when the world tells us that we are weak, God shows that we are strong, when people think that we are lost and forgotten, God remembers us because we are carved on the palm of His hands and God's eyes are always watching on us.

We know all this wonderful truths and we long for the lost people in Fier and everywhere to be part of God's wonderful family.

Wednesday Bible classes
We are still studying about forgiveness and this time Altin challenged the church to stop hating each other and start counting God's blessing!

Thank God for our brother Ervin Leka (IBIA Student)

We are encouraged by our brother Ervin who is staying with us in Fier, helping one another to do good deeds by proclaiming the Gospel of Jesus Christ.

Sumer camp 3 week

We continue to thank God for the opportunity that the churches of Christ in Albania had to gather again for a week and sharing their experiences and their faith together. We thank God for 3 baptisms at the camp (Florida Xhindoli, Endri Ekmekciu and Fationa Aliu).
We know that the camp was not perfect yet we know that we were gathered in the name of a perfect God!
Thank God also for our brother Mladen Jovanovic who led bible classes during the week. We also thank God for all brothers and sisters in Albania who contributed and organized the camp.

Sunday worship,

It is always a real blessing to come and worship and celebrate Christ's restriction with brothers and sisters. Altin challenged us from the word of God (Psalm139) with the topic "God knows everything!"

We continue to thank God for all you brothers and sisters who continue to remain firm in His word and His blessings!

To his glory and power,

Altin, Edi and the church
