

Greetings brothers and Sisters

There is always a joyful moment when we hear about God's work around the world and life changing that are taking place. Also we know when we do not hear anything for God's work, it does not mean that God's not working, but it mean everything is working under the control of God and everything in God's time. Sometime it happen with us, that we are in the field of God, and when we do not see any changes taking place, we are tempted to say God is not working...Actually God is working. Loving God in the same way He loved us makes us to be concern for every single life on the planet. Servants of Christ do the same, we as servants here in Fier Albania trying to see things in spiritual point of view seeing that God may open a window of opportunity that we may use to bring other into Christ. Building Redemptive Relationships it is harder but it is most effective and lasting relationships. As farmer point of view I can relate to that. For example an olive tree it is hard to make it grow, and it takes like 5 years that an olive tree will be able to give fruits. No imagine that Christian will be an Olive tree that first five years takes his time to grow, then when he is able to give fruits he never stops. This is what we intend to do a tree that will continually will give fruits.

Bible Class

We are continuing our Bible class every Wednesday afternoon at 16:30pm we are now studying Ephesians and we finished chapter 2 of Ephesians Great joy we find and we feel much honored that God chooses us as His Temple also people that have a huge responsibility to share this treasure that God has blessed us with Ephesians 2:19-22.

Worship Service

It is a great joy worshiping the Lord every first day of the week as the remembrance on what Our Lord has done. On this couple of week we have been alternating on our preaching, one has been preaching here in Fier, one in Lushnje. For sure we did preach the Word of God, where ever we are. Last Sunday me and

Vosjana worshiped in Lushnje! We spent a good time there with brethren there in Lushnje.

Wedding Ceremony

Me and Vosjana organized a Wedding Ceremony, on 16th of January 19, 2010 Steve Stamatis performed the Wedding Ceremony he shared a good and very meaningful lesson to both of us. I just want to thank you for all your prayers, for me and Vosjana, may God bless you and your families in many ways so that God may receive more glory.

Keep praying for our service in here in Fier. Please pray that God may continue to use us in His ways for His Glory
