

HUMBLE YOURSELVES BEFORE THE LORD, AND HE WILL LIFT YOU UP. (JAM 4:10 NIV)

If we would take a pen and piece of paper, and starting to list all the achievements on our lives, and see the list goes long, every one of us has something that has done on his or her life to be proud of. Well brothers and sisters let's not be tempted and say see what I have done but Let's say "See What God has done with my life."

We sometimes get into our routines and tend to forget, to see on the bigger picture that God is blessing us on many ways and that we just forget to be thankful. As I was preparing for the lesson about **"Being Humble"** I just to start to make a research on internet some info about poor people on the world and I saw so many things that made me re-think and re-form about my behavior toward God, my stupid requests and my stupid wants in the same time when there are people on the world that have nothing to eat. Oh Lord Forgive me because I don't know what I want. I would encourage you to take some of your time and making a short researching on internet and see what is going on. At least we will start to be more thankful to the Lord and giving Him all the Honor and Respect for everything good has happen to our lives.

Trying to be humble to the Lord and thankful in the same time, it has made us to come to appreciate more Him, and His people in the same time, we now have more contacts that we used to have at the beginning, and it humble us more when we see people come to appreciate our example that God has called us to set.
