

Many are the plans in a man's heart, but is the LORD's purpose that prevails (Prov 19:21)

Dear brothers and sisters

Praise is to God our Father and Lord Jesus Christ who has called us into a higher standard of living!

We as people think, speak and act differently yet we all have the tendency to mess up things, we have different truths and as a result of this each of us seeks only for his/her own rights! We as people exchange the truth with the lie, love with selfishness, power with weakness, and grace with punishment! There is one God yet different gods, there is one Word yet different meanings, there is one Truth yet different believes! We know that God's purpose is everlasting; man cannot resist it, no evil can prosper, gates of hell could not prevail against it; there's nothing that can change or harm God's will!

Proclaiming God's standard to the people

We thank God that has chosen us for to be a part of His eternal purpose by being servants of His righteousness and by working altogether to make known to each other and to the world His higher ways and thoughts! As each of you in your areas face everyday challenges to proclaim God's purpose we also have the same straggles and challenges! What I have learned is this; is all about God's grace, it's all about God's power it's all about God's purpose!

In addition to that we have the blessing to proclaim to the people in the city of Fier God's purpose, armored with His standard we go ahead to confront people!

Learning and living God's standard in His church

We also thank God for the church in Fier, even though sometimes we as people forget about God's standard we have the Word of God and each other who by words and deeds encourage one another to live a godly life! We are continuing our Bible classes with Esi & Redona and pray that they may come to a real knowledge of Jesus!

On Wednesday Bible classes with the church we are still studying more about the attitude that we must have toward **“Worship”**! Last time we covered two segments on singing!

On the Lord's Day Altin, Albert & Petraq led the church in worship! I was honored to preach and worship with brothers and sisters in Korca. I was refreshed by their faith and their hospitality! It is wonderful to know that God is the same God no matter the place no matter the culture no matter the people He is the same, His standard never changes it is the same yesterday now and forever!

The big question is this; are people changing God's standard or is God's standard changing people?

Leaving with that thought in mind let all of us fight altogether to change people's perspectives into God's perfect ways!

To His glory and power,

Altin, Edi, and the church
