

# FOR WHERE YOUR TREASURE IS, THERE YOUR HEART WILL BE ALSO. (MAT 6:21 NIV)

## Brothers and Sisters

As time goes by, we come to understand better, we come to understand our mistakes, sometimes we wished to go back and fix that thing that we did wrong. But for this reason God gives us wisdom and understanding as times goes by. For one thing is sure, for where our treasure there is our heart too, If we long most then anything else to know God and to be in our presence we will spent our time and energy to know God better and one day be in His presence, if we are longing for the luxury and comfort that this world offers us, we will spent our time our understanding and energy to achieve these things.

We are striving to know God better; we are striving to let others know God by our way of living. It's not easy it's hard because of the indifferentism that surrounds us, because the schemes, he will uses people and their doubts to get on our ways so in order to stop us and spent time clearing doubts of people. God is faithful and God will set us free as long as we are in truth and living the truth.

## Bible Class

Our Topic on Bible Classes it is "Apologetics" there are many things that can be proved by science, by archeology , by History that God's Existence, that Jesus is real and died and raised.

## Worship Services.

Knowing that God is with you all the time and blesses you is good thing, but joining with brothers and sisters together and Worshiping Him and being thankful for everything has done and does for us, I guess it's a better thing. It's a been almost 4 weeks Joel is attending Worship services and he seems that he is enjoying singing but when is preaching time he gets sleepy 🙄 (joke). Also very engouraging is to see Persa back with us worshipping the Lord. Thanks to God the heart surgery went well and she seems to be entirely recovered.

## Future Plans

As many of you know, Church of Christ in Vlora is in need for someone to be fulltime servant and help them to know Lord better, Edi is now working for the possibility to go there and serve, please keep Edi in your prayers as he is looking for another field of service.

### **Prayers**

**Please** keep the Body of Christ here in Fier, so that they will allow God to work in them and transform them according to His image.

Pray for us as serve the Lord and share Him in our community.

### **In His Service**

**Altin & Edi**
