

THE LORD LIVES! PRAISE BE TO MY ROCK! EXALTED BE GOD MY SAVIOR! (PSALM 18:46 NIV)

Living in world that is dominated by sin, ruled by evil, is not hard to believe there will be times that will be discouraged. But there is a great joy to remember and meditate on the fact that God is in control. The world gives us the choice to accomplish our purpose without pain and suffering by cheating and corrupting, but gives us the choice to accomplish our purposes with pain and suffering by grabbing sin by its roots and taking away once for all, and of course that gives pain. Lord has chosen us to serve by His own standards not by the standards of the world, for this very reason we rejoice that our Lord lives and He is our Rock.

We are continuing our journey on serving God and building redemptive relationships. And as we serve the Lord by His standards, even though there are pains and sufferings, it is a great joy when people respond and admire this standard that our Lord has given us, because they understand what they are living is deception not something that lead them to good destiny.

Wednesday Bible Class

We are continuing on our study about James, and we studied last time chapter 4 even though James slaps we love it because it's trying to rebuke and correct so that the Lord may be exalted in our lives. God does not give us an option to serve in another way except His own standards so James tells us to humble ourselves before Him and He will lift us up.

Sunday Worship Service

We were glad to see Ketu worshipping with us this past Sunday thank God she is doing better. We also thank God that allowed us to be together on Sunday and worship Him. As serve Him we try to remember ourselves to be humble and what Jesus was able to do for saving our souls. I preached from **Philippians 2:5-8**, remembering ourselves to be good servants and having the attitude of Christ.

In His Service
