

Because Of Jesus I Love You

We had all gone astray like sheep, each following his own way: but the LORD laid upon him the guilt of us all. (Isa 53:6 NAB)

The hardest thing to do in life is to love, I still don't understand **"How** God loved me!?" No matter what I did on this life, Jesus died for me. I am saved through the grace of God. I am redeemed through the mercy of God. God has designed us to have relationship with Him and with (people) with one another. All of us can claim yes I can have a relationship with God yes I can endure that. But when it comes point on having relationship with one another oh no it is too hard. But we does not see and live the paint that we cause to God, when see and live the pain caused by others it will be hard to love that person. That is called relationship on two levels, Humans to Humans, and Humans to God. Jesus said; do to the others what you want the others do to you. God did the same He showed His love beyond our comprehension.

Now all of us understand we stand on this level of our relationship with one another because of this what Jesus did.

On our Community

We are required to live on high standard level, on our behavior, we live for heaven, we do not live for gold and silver of this world. Now it hard while we see this world and to set our mind on the other world (**Heaven**)! Since we live for another world we should let this world let it go. We are working and serving the Lord and trying to fulfill His Standard. Showing Love to unloved, showing mercy to those that does not deserve. We have been able to visit people during the past week; Art Hitt was here in Fier for 4 days and visited some of the contacts that He had. For almost we are thinking to buy gift for the stuff of Nursing House! What we bought was Umbrella for the sun, of course was a feedback from woman perspective, my wife helped with the idea and packing. You will be able to see pictures on our photo gallery at our website. Also we showed a movie there at the Nursing House for old people. We have been able to meet some of the students that we have made contacts for the last time of this year, because the period of the school here in Albania has ended.

Wednesday Bible Class

Last Wednesday we ended our series of lessons on **"How to build one another up in Christ?"** We made a summary about what we have studied so far, and I printed an outline of every lesson and shared to them, after that we had a little cocktail for ending this class. Next topic that we are going to study will be **"Holiness"** this class we will be taught by Edi.

Sunday Worship

As the Lord encouraged His disciples to come together and break bread and drink the fruit of the vine in remembrance of Him. We also His disciples on 2010 came together because of Him to break bread and drink from the fruit of vine in remembrance of Him. Edi shared his lesson today from **Psalm 37:23-24, for the Lord is the one directs our steps.** And we need to be lead by our faith that we have on Him and not by our feelings. We are thankful to the Lord Jesus When He was on the earth He did not let the feelings to control but the Faith that He has on the Father. We are required to the same today.
