

STAY OUT THE BOX

Every one of us has his/her preconceived ideas, every one of us has a box and every time something that is out of our box happen, we get upset because never happen before something like that. If something unknown to us happen does not mean that does not exists, it does but we just cannot understand it. With God it is the same, On Isaiah 55:8 would say: *For my thoughts are not your thoughts, neither are your ways my ways," declares the LORD.* We need to break the box and let God be our box, it's too hard, and it's painful but is worth it. If we are about to serve the Lord, we need to let God be our director of our lives, and let the light of Jesus shine and that the others will see it and will start to glorify the Lord.

Ervin Leka one of IBIA student was with us this summer helping us with the work of the Lord here in Fier. And I asked him, what you think so far, being out every day building redemptive relationship? And I added I know it's a routine out every day, he said I liked and it is very active day.

Me and Edi, we find it sometimes as routine, but actually is a great work going on, since we go out we start the relationship from nothing and goes to the point where we share Jesus as our example.

Wednesday Bible Class

We concluded our topic on "**Forgiveness**" God challenges us to fix our relationship with one another because if we are not right with one another we are not right with God. *For anyone who does not love his brother, whom he has seen, cannot love God, whom he has not seen.* (1Jo 4:20 NIV) We are called to live in peace and to shine the light of Jesus to the darkness.

Worship's Service

We thank you God that allows us to come every first day of the week to worship Him. We are called to serve the Lord with all our life. Ervin Leka shared a lesson with us The Need of Faith in our relationship with God (Hebrew 11:1)

Prayer Requests

Pray for us as we are out building redemptive relationship.

Pray for Spiritual Health of Christians to be strong and healthy for God.
