

BY THIS EVERYONE WILL KNOW THAT YOU ARE MY DISCIPLES, IF YOU LOVE ONE ANOTHER. (JOHN 13:35)

Greetings in the name of the Lord!

It's a blessing to know that God loved us first and sacrificed His Only Son for Us to tell us how much He loves us. Well one of the hardest and essential command of the Lord is to love one another as God loved us. Even though love it's a good thing it can cause pain and suffer, what I mean it takes sacrifices for each of one of us to do in order to love, Jesus proved that the love can cause pain and suffering, it's because **He** loved us, He endured the cross. So as we come in our daily lives, we are called as Christians to love One another, also love those that are not Christians, love them enough to help them to know God the True Love.

Children's Class...

As I have shared with you brethren on my previous report, we are doing children class 3 time a week Monday, Wednesday, and Friday. Each time has been challenging, because we have to break too many taboos, parents not trusting what's going on there, even kids themselves have been afraid what's going on there, afraid something bad might happen. But also have been a blessing too because Vosjana and I have been trying hard to make the children feel comfortable also even the parents are now trusting us, and trusting to bring their kids on our classes. During these times we have tried to teach them some of hymns and seem they liked and enjoyed singing. We also have been making a lot of games for them to enjoy their time.

Building Redemptive Relationships...

It is very important spending time with people, also helping them to know one another and trust one another. So also this one of the things that we have been doing here at our neighborhood, right now we are contact with two families which we are spending time together and having coffees. hopping that this two relations will last will grow stronger and trustworthy and being able to share the gospel with them.

Bible class: We are continuing to study "**The Parables of Jesus**" We have been challenged from God's Word, to the Light of the World, To Spread the Seed, To Build on a Strong Foundation, Also to be a Good Samaritan. Christian Life it's a long and a tuff journey but it's worth doing it because you know the destination and you know the reward, So lessons might be hard but again they are worth doing it.
