

**IF YOU HOLD TO MY TEACHING, YOU ARE REALLY MY DISCIPLES.
THEN YOU WILL KNOW THE TRUTH, AND THE TRUTH WILL SET YOU
(JOH 8:31-32 NIV)**

Many people have their own truth and want to stand for that, some try to, but when the danger comes they tempt to run from the danger. But with Jesus is totally different when HE stood for His Truth He stood till death, and never tempted to compromise the Truth of the Lord with truth of people in order to save Himself.

When we as humans' beings confront the danger, sometime we forget who is our standard? To what truth we believe in? AND whom we are serving? But if we stay on His truth no matter the danger is, the truth will gone set us free, it did work with Jesus, so it must work with us too.

And the questions for us are: Why we are standing today? Are we striving to serve Him? Why we want that all people on our sphere of influence to hear about this truth? Because it's Eternal Truth that made Jesus to go through the end and be eternal!

On Our Sphere of Influence

We are doing our best on our sphere of influence, to make them understand that we are different and we want them to be different; we want them to understand that is not about ourselves but is about God and His Truth. Edi is in contact with his neighbor at the place that he lives. I am in contact with our neighbor here at the place that we live right now; Vosjana is in contact with a lady here at our neighborhood. All these contacts it is because of Lord called us to, and we are just doing our job as servants.

Wednesday's Bible Class

We finished our study "**On Footsteps of Jesus**" that was the reaction of Jesus on different situations. And Last Wednesday Edi made a summary of what we have studied with him, remembered us the reason why we are following Jesus.

Sunday Worship Service

We always thank the Lord for the opportunity that He allows us to come together and worship Him. Edi challenged us "**The Power of being single minded (1Corinthians 1:10)**". Loving God and serving Him, challenging one another to be more like Christ every day!
