

SHARE WITH OTHERS THE TREASURES

Most of the people will have hard time, if you ask them to share the treasure that they have with others. And of course it depends a lot on what their treasures are. And the mind goes to the rich man when Jesus ask him to give everything that he has and follow Jesus we can find it at the Gospel of Mark 10:17-23. On that passage we can see what the treasure of that man was. Also you might remember Peter in Acts 3:6-7. *Silver or gold i do not have, but what i have I give to you. In the name of Jesus Christ of Nazareth, walk.*

You can see that both men were asked to give what they have. Both acted based on what their treasure was... The man on the Gospel of Mark was very rich physically but very poor spiritually. Peter was not rich physically but was rich spiritually and what he have he shared with others.

And Peter through the power of Jesus Christ made that crippled man him to walk. Now we do not have the power make people to walk physically, but we know for sure that we have the power to make them walk spiritually.

Or you might remember the parable of Talents that Jesus told in Matthew 25:14-30, for those that use the talent that they had invested, God blessed them more and for the one that did not use it but hid it on the ground. Now imagine the Treasure or the Talent or whatever we can named the one that God has given to us, and we decide not to share with others, or we may decide that is enough I am tired that's all I can't do any more!!

Well we never never have to decide not to share it (THE GOOD NEWS) and never and never decide to stop doing on what we are doing.

Thinking how many give birth every day. Also how many die every day that do not know about Christ.!!??

The bank when gives you money it gives with interest and you pay the interest till the dead line that you have decided to pay all the money. The Salvation of God is with interest also to and the Interest to share with the others about the Salvation that you received till the end of your life, and the same time God will bless you during the time on the earth, and he will continue to bless after

you leave the earth for the eternity with Him.

The Activity of the Week

Actually the first part of the week it has been quite and not to much to say, We studied Romans chapter 7 and Edi taught the class and He challenged us How to find pleasure in the Law of God?, we were about 10 people during the Bible class. You will find an outline of the Bible class on the page of Bible Class.

We also went in Zharrez, I spent some time fixing a computer, also we met two students that they were helping too with fixing the computers they have good skills. We ended at coffee bar with the Director of the High School, it was funny because he said that he want stay for a long time about 30 mins or so but we ended talking with him about two hours. It's interesting because the conversation started with the problems of the school, the relationship teacher student and student teacher. I asked him, Does the teacher has the pride to not allow the student to get over him by showing that the student knows more than the teacher? (At least here in Albania not many have knowledge about computers and I mean fixing them and working fully with them.) The Idea was that I may encourage helping the student to find the capabilities that he has and use for the future, you know making connection with Bible principles. Well it went to far and were discussing the existence of God and how it works in the life of the people, about morality of life, about the problems that exist here in Albania, the future of our generation, And what might be the solution?

Worship's Service

We met on the first day of the Week at 10:00 am worshipping God singing hymns to Him and glorifying Him. We were about 10 people. Edi taught us from the Book of Hebrews 12:1-3. Fixing our eyes on Jesus as the one that perfects our faith! whatever are our circumstances fixing our eyes in Jesus, and the moment of discouragement remembering what He have done and went through in order that we may have the salvation that we have in Jesus, not to lose heart but to get strong in the Faith of Jesus Christ.
