

TIMES GOES FAST!!!

Time really goes fast, Can you imagine on something that you are longing to happen and the only thing is that matters is the time, and on that case the time is so slow and it seems that never will happen. But in fact the time is too short. Can you believe it now is the last month of the year!? If we stop for a minute and turn our heads back where we were without God and where we are right now with God, I guess every one of us will see the difference! I guess every one of us will be filled blessed by God! And that is very important thing to know, that we can notice the difference. It is encouraging to know that through Christ we can see that we are different then the year before.

Due to time issue we are doing our best to share the Good News, I know times goes fast, but as time goes we have come to know more people here in Fier, which are in need of having a good and honest relationship. People that are tired by being ridiculed and humiliated, they need a chance to try something new, a chance to use the God given capabilities for benefit of the community where they live. I believe everyone has different gift that is given by God, and that is what people need to find and to use it, so that they may find the place where they belong on their community. This is what redemptive building relationship mean.

Bible Class

We are continuing our study on the Life of Jacob (For whom is the blessing?) From the life of Jacob we are learning a lot of things that we can apply to our lives today, to be faithful and true to the Lord till the end.

Worship Service

We were thankful to the Lord, that we were able to be together and worship Him. Edi challenged us from Psalm (107:23-30) When we see the hand of God? It's a blessing to know that God is with you in good time and bad times.

Prayer Requests

Please pray for us as we are going out building redemptive relationships.
Please keep in your prayers brothers and sisters here in Fier as we are keeping you in our prayers.

Striving to give Him Glory
