

Jesus is the Master of Our Life

As we are facing problems in our life, we sometimes we make compromises in order that we may have what we want, sometimes we do that with our faith. No matter what we do or how we do it we are going to make mistake because we are in a word full of sin and full of darkness and in order to leave this world of sin and of darkness is through God.

I saw a movie, and strike me something it was telling what the word **BIBLE MEAN**

B → BASIC
I → INSTRUCTION
B → BEFORE
L → LEAVING
E → EARTH

It has been basic and simple from the beginning but we people have made it so complex and difficult, and we wonder around and around how to deal before living the earth. All humans beings know that one day will leave the earth but they do not know the time. And for this reason God has given some **BASIC INSTRUCTION BEFORE LEAVING EARTH**. But people have created so many books of their own to gain life after death. Because they do not like this book “**BIBLE**” will explore take some of this and some of that to achieve what God requires by their own not with the **INSTURCITON** that God has required.

When you are young like me...you think that are strong enough to confront every storm that life may bring you...but when you are old enough like some old people that we visited this week...you just give up and say I cannot and just wait for death to come over this life. Both cases are wrong because none of them are using the **BASIC INSTRUCTION BEFORE LEAVING EARTH**.

Activities of the Week

We are continuing to meet people where they are, at their jobs, at their problems trying to help on their need by taking their attention on hearing us what we are going to say. We have been in village of Zharrez once this passing week, I am helping on fixing the computers of the school also we are meeting our contacts that we already have.

Also during this week we accomplished the project that we have mention before to you, was a good team work, girls helped us with cleaning ironing and packing. Also was on this past Saturday that we have been able together with the girls Esi (Esmeralda) Redona and Vosjana me and Edi were on Saturday there at the house caring... what we did is that meet every person personally and we told what is this all about. But I think was a good experience for the girls too that helped with cleaning ironing and packing and to the end a thank you from the persons that received those gifts. The whole Idea in here is that we tell members to evangelize but if we don't show them how they will never take the first step.

This is the packing, A sheet for the bed, handkerchief and soap. For more pictures check on our Photo Gallery

Bible Class

We are in series of classes about **“Worship”** We have studied so far about **“Prayer”** Edi as was teaching about Prayer also was mentioning about **“Fasting”** there have been many question about **“Fasting”** How it is done? When it should be done? How long should be done? And because of these questions we extended the Series of classes of **“Worship”** on two more and specifically on **“Fasting”**. It is very good that members are coming on better understanding of the **“Word Of God”** and they feel free to ask questions.

Sunday Worship

On the first day of the week we gathered to celebrate the resurrection of our Lord Jesus Christ. Our Lord has given such a wonderful gift through Jesus Christ. Sometime we forget to whom we should obey to whom we should fear. And because of these things man based on fear that he has on another he makes decisions that cause him to forget God. And this is called a trap from Proverbs 20:25 and this is the Lesson that Edi shared with us. We need to take our decisions based on our fear on God not on man. Fear of man will prove to be a snare, but whoever trusts in the LORD is kept safe (Proverbs 29:25) This was a good conclusion of the Lesson.

Prayer Requests

Pray for Burburqe’s son he broke his leg as he was playing soccer Artion. He is going to stay home for two weeks I think will be a good time that Burbuqe might spent with him and talk for God pray that his heart will be open.

Pray for Eda...She is taking classes of Master Degree on History and Geography at this period of time she is taking some exams, pray that she will remember all that she have studied.
