

FIGHT THE GOOD FIGHT OF FAITH;

(1TI 6:12 NAS)

Dear Brothers & Sisters

Knowing that we have a God that loves, that cares for us, and provides for us, it's encouraging and up lifting, in times of troubles and difficulties. For this very reason that there is A GOD cares for me and Died I Strive Every Day to Bring Him Glory.

Building Redemptive Relationships

Being daily in contact with people, even though has its own difficulties, even though it's hard, even sometimes can be challenging. But it has its own beauty inside, what I mean is; *"If you try to people more than human beings, but as souls that are sick and tired from this world, souls that are seeking their own identity souls that are hungry for the Truth."* Can be encouraging, right now I am in contact with two young men, which have finished university. One is very intelligent and digging for Truth, he seems to have interest for studying the Truth deeply his name is Melsen. Also the other young man is Amarlido he has interest for the truth but on different level from the other one. Please add these two young men on your prayers.

Bible Class.

We are continuing to study **"The Parables of Jesus"** We have studied so far five of them. As dig on God's Truth, sometimes it gets hard, sometimes people get upset because of the Truth, and offended. But I have to remind myself I am here to Please God not People. Sin hurts as long as has roots on our spirit will hurt till we decide to take away with all its roots.

Children Class...

We also are continuing to have children class 3 times per week. Vosjana is working with kids teaching them some lessons from the Bible also memorizing verses. We also plan to do more teachings and memorizing verses on days to come.

Summer Camp

This Year, from **Church of Christ Fier** we have been able sent to the camp. 10 kids, 2 councilors, also the nurse for the first week was from Fier! Nurse was one of the contacts that Edi's had when was in Fier, was his landlord, very nice lady she brought her daughter at the camp, Vosjana and me were able to meet her after the camp and she was encouraged from the time there. Also on the second week we have 4 campers that are for the 1st time in contact with Church of Christ.

This was the group from Fier, Lushnje and Vlora were on the same bus to the camp.
