

Even strong young lions sometimes go hungry, but those who trust in the Lord
will lack no good thing. (Psalm 34:10)

Dear brothers and sisters,

It happens that sometimes when we turn our head to the East, no one is there; we turn our head to the North, nobody is there; we turn our head to the West, nobody by our side; and then we turn our head to the South, still nobody by our side! Worldly power fades away, its wisdom vanishes like grass and men go hungry, thirsty, forsaken and without any strength!

But glory is to God our Father and Lord Jesus Christ, who never leaves us! God is always at our side; He renews our strength every morning, and gives us light every night; The Lord gives grace to the hungry and righteousness to the thirsty!

Knowing to whom we serve and to what we are called for, we go ahead with confidence and joy to proclaim and reflect this wonderful God! We continue to thank God for people in Fier and we pray that they may come to the knowledge of the Truth which leads to Life!

On Wednesdays Bible classes we are continuing to study from the book of James, we studied the 1st chapter! It is an uplifting chapter who tells us how to deal with trials of many kinds!

On Sunday worship as always we came together to glorify God and to spur each other on faith and good deeds! I had the blessing to share with the church about "SIN" (Proverbs 14:34) referring to the situation that Albania is going now! Many of our fellow countrymen are trying to exalt the country but things got worse and worse!

Prayers requests

Keep Praying for God's work in Albania, for all Albanians and for those who govern our country!

Please, continue to pray for Keti, she is at her home in Fier now; she needs two more weeks to recover herself from surgery!

Keep praying for Mira so that she might find a new job, and may not lose heart!

Keep praying for us to be focused and alert from all the devils schemes!

To His glory,

Altin, Edi and the Church
