

**"BE STILL, AND KNOW THAT I AM GOD; I WILL BE EXALTED
AMONG THE NATIONS, I WILL BE EXALTED IN THE EARTH."
(PSA 46:10 NIV)**

Greetings

Every one of us runs through life, everyone focus on things that we need, and sometimes we misunderstand needs with desires and we focus on desires as our needs. Also we sometimes gets greedy and we want other has, we sometimes we want the success that someone else has achieved over the years we want it immediately.

Well but our God calls our attention and says Be Still (*Stop relax*) and reason and think through that know I am God. God has everything under His control. God is the one that has to take under His control our lives God is the one that will transform us to His image.

One Thing that God's calls our attention...

As we focus on the things that I mentioned above, we tend to forget to whom we belong, we also tend to forget our purpose on this life! Also we as Christians we have to remember that God's has "*High Expectation from us*". He wants us to be Holy, to be righteous and of course as we go on this World Share Our Faith. I believe that this is the duty of every single Christian, like imagine for moment 10 members if each one of them will focus only to one person on their sphere of influence for 1 year next year will be 20 and on the next year will be 40 and so on. I believe that's why Paul would compare the Church as a Body with different limbs so that we have different functions but for the benefit of the body. What I am trying to do also encouraging the body to do.

From Old People Home

Church of Christ here in Fier has been trying to provide some symbolic help for the Elderly people, and on 1st of October, the Staff organized like a yearly day for elderly people, calling attention to a lot of organizations and government to help more and take care for this group of people. And Church of Christ in Fier was invited, also the Major of the City was invited, and many other nonprofit organizations where invited. Well it's good thing to get to know people. Also for Church establishing a good reputation in the City.

Children Class

On Children Class we have done anything so far, since the school kids are back on their study and on their private courses too. But today I mean this Saturday we had a wonderful class with 5 children, which read some scripture and sing songs too.

Bible Class

We are continuing our Study on the Parables of Jesus. The last one was "*The Tenants*" From Mark 12:1-9. We have to remember that God bought us from nothing and is continuing to build and a "*Holy Nation*" So we better reason and figure out Who is the Owner and the servants before is too late.

Encouraging with One Another...

I can tell that I have a really big list with brothers and sisters that have encouraged me so far, but the last one Gaylon has been visiting some with us and has been very encouraging these days, wish he could stay longer, but 10 of October will be leaving. This we should do more often with one another for if we stay together will be harder even impossible for devil to devour us. The greatest tool that devil is using is division among the Christians.

Prayers Requests

Pray for a safe trip for Gaylon Mullins on 10th of October.

Pray for the Work of the Lord here in Albania, and here in Fier.

In Him

Altin Koci
