

“WE ARE ALL HERE!” (ACT 16:28 NIV)

Dear brothers & Sisters,

It is a wonderful joy to know that God, at “the midnight of our life,” makes our enemies tremble and fall. Satan will try to beat us hard, he will try to put our hands & feet on chains, he will try to close the doors and put us on his prison. Yet Satan will never ever stop us from praising the Lord our God!

If we start praising God, walls will fall down, gates will open up and chains will be broken! Even though we are in this big mess; we know who our enemy is. We take courage and say to the lost people who do not know our God; We Are All Here!

We are not fighting Satan outside of his prison, but we are fighting him in his prison. If our praise goes up God's power will come down, and we proclaim this power to the lost people, by giving him praise and glory in the midst of pain and suffering!

Bible class

We continue to thank God for his word that is able to transform and save our souls, and not only ours but also the souls of the whole world! This time we finished the series on the Life of Jacob concerning God's blessing by making a point that “**Christ is the blessing!**” Christ was what Abraham, Isaac, Jacob and all men of God longed to see! They didn't long to see their donkeys, not their camels, not their sheep but they died in faith longing and waiting for Christ!

Sunday worship,

Always it is a real blessing to come and worship altogether the Lord our God! I was Glad to share with the church on the subject “What was missing to the world?” “What is missing to the church?” (Gal 4:1-20)

Brothers, let us continue to lift up his name, no matter on what we are going through, we “MUST” continue to lift up God's name and praise Him! And God himself will deliver us from Satan's hands. Let us take the courage and say with boldness: “We Are All Here!”

To His glory and power,

Altin, Edi & the church

PROVIDE PURSES FOR YOURSELVES THAT WILL NOT WEAR OUT... (LUKE 12:33 NIV)

Dear Brothers & Sisters

God has blessed each one of us with the ability to think and to reason, and also He has blessed us with different capabilities so that we may fit in the world where we live and most importantly serving one another to fulfill each other's need. But in other hand humans are using these capabilities given **God** to provide something that will not perish, even though the history has proved that nothing on this world will be forever, people pursue it, God new from the beginning that all things on earth will wear out, and that's why He tells us to provide purses that will not wear out, but will give us an eternal life with our Lord Jesus.

We have found the **True Treasure** that will never wear out, but will give eternal life; for this very reason we gladly are willing to share with everyone that is willing to accept this **True Treasure**.

Sunday Worship

January the 1st what a great opportunity to start the 1st day of the year worshipping God, well God is good and God provides us with great opportunities. I and Vosjana worshiped the Lord with the Church of Christ in Lushnje, and shared with brethren there from Mark 12:30, and challenged with the question **"Do we really mean it?"** for we say I love God with all my heart with my entire mind, with all my soul and with all my strength. But do we really show it? For man is not what it says but what it does. Edi worshiped with the brethren in Fier.

Prayer Requests

Please pray for us as we go out on the field of God building redemptive relationships. And also pray for Ketj, she has been stressed and afraid for her health, pray that God will make her strong and that there is nothing to fear when you are with God.
