

## PRAY WITHOUT CEASING; (1TH 5:17 NAU)

Greetings Brothers and Sisters!

As we come at the beginning of our day, we begin to pray how to resolve different problems, how to deal with certain things, how to approach with different people. What food to eat, what kind of clothes to wear, what kind of medicine to use if having health problems, what and what and list goes on!?

But sometimes we forget to deal on the way God us teaches to do, to pray all the time continually, to let God involved in our lives totally. *I know that this the report is for the last week*, but I wane jump a little bit on the week that we are in, as we came on this week, we heard Spencer's daughter went in hospital and needing a very careful treatment from the doctors, was very encouraging to see How a lot of people join from different places and on a different time frame on the same prayer for Spencer's family and especially to his daughter and give to this little girl a spiritual especial treatment too. Isn't this good? This is what God calls us about to live and act according to His Standards.

One other thing that God calls us to do is, meeting the needs of the needy physically and more important spiritually. As we are building redemptive relationships we have met people that are physically in need but also spiritually, we have seen and met people that are humble and thankful that someone showed up that tells them, that we care, and we are here to help you in every way that we can. This Jesus did; he went where the needy were and helping them to see the difference.
