

**DO NOT BE ANXIOUS ABOUT ANYTHING, BUT IN EVERYTHING, BY PRAYER AND PETITION, WITH THANKSGIVING, PRESENT YOUR REQUESTS TO GOD. (PHI 4:6 NIV)**

Praise and glory be to our Lord Jesus Christ, which made all things possible to us. For He cleaned us from sin, he sanctified us through His blood, for He can listen through The Holy Spirit that God has given us.

We are bounded by God's protection even sometimes we fail to see it, because our difficulties, worries we sometimes fail to lay it down onto the hands of God but tend to have in control on ourselves, and this it makes more difficult to see things how God sees them.

### **Thanks to God**

Even in the moments we do not see things clearly as we should see we still need to thank God. Thanks to God, developing new relationships and helping other relationships grow, has been good, where God has revealed Himself and showed to this people that he cares for them. Saying, ***Thank you, I am sorry, please,*** helps a lot build a communication, build relationship. There are 6 young men which I am in contact with, only the words *thank you, I am sorry, and please, has smoothed things* and has made communication nice and easy. From these small things people show respect, because these they do not hear very often. For some people think they deserve everything, deserved to be helped to be noticed to be in the center, think you are supposed to do them happy, ***You ought to.*** And they don't put in mind to say at least *thank you.* But also can meet such people that you can enjoy a lot only by saying thank you. All am saying *Starting small by dreaming big.*

### **Children Class**

As we are now in the midst of September, all are coming to normality, mean people are focused on work and school. With children we started at the last week of August and we are continuing now to do it twice a week, Friday afternoon, and Saturday morning. Kids are enjoying a lot the time at the class. Vosjana is teaching them stories from the Bible, memorizing verses. Also another thing that we are working with is, telling them the story and asking to picture the story. They will hear it, and also they will picture by their mind the whole scene. Kids have been working by coloring the painting the pictures that we already have.

### **Bible Class**

We are continue to Study on the "**Parables of Jesus Christ**" Sometimes for people it's confusing, Love and Tell the Truth. They like telling the truth to the others but

not to themselves. *Jesus* loved so much He told the truth and they killed Him we killed Him, When God's says "*My Word will not turn back empty*" we sometimes suspect a positive reaction. Taking Jesus He was not welcomed by all the people, and most the cases they wanted Him dead. All is saying **Parables are no Easy,** **Example. Barren Fig tree** it's calling our attention what to do give or not give fruit, you can seat and do nothing. I myself believe in God, and I believe that it's every single Christian duty to bear fruit.

### **Worship Service**

Thanks to God that has given us the opportunity to remind ourselves the **Sacrifice that He has done for us.** Worshiping God its way being thankful to His Majesty for He is Worthy.

### **Prayer Requests**

Please pray for the contacts that I am having, that the Lord will open their heart and mind to see His Majesty.

Pray for the kids, to continue the good work that God has started on them.

Pray that we all stay strong and faithful to the Lord.

*In His Glory*
