We are grateful to the Lord that, He has put in a place of service here in Fier. This year comes to the end and we are again thankful that we made it for this year. As everywhere also here in Albania also almost everyone will spend money on buying presents decorating and fixing the houses. Also this is causing a lot of traffic all over Albania because this is the time that all the people that work and live in Italy and Greece are coming back for the fests. And because of all this things that are happening right now lowered our activity of evangelizing. We also have been able to find another apartment for Edi, that is nice one and I am glad that Edi was able to find such a good place. So that helped me to plan for my “Religious Ceremony “I am going to plan and organize everything and very soon I will let you know for the date.

### **Wednesday Bible class**

We are coming to the end of the book of Romans, last Wednesday we finished chapter 15 of Romans. It has a good connection with 14:19 helping one another building up in Christ, and continues to give up everything that will be stumbling block to your brother in Christ. Choosing the right thing for the right reason to glorify God that as all purpose of our life.

### **Sunday Worship**

Worshipping your Creator and being thankful for everything that He has blessed you with, that must be the most joyful moment of your life. As we came together worshipping the Lord, glad for seeing one another and full of joy worshipping the Lord that made all things possible to us. Edi preached to us from Zephaniah 3:17, God’s most joyful moment is you /me or every one that come to Him and striving to bring God glory. Also we had a little party for Christmas, we did that on

Sunday because most of the members were busy on Friday... we also bought some presents for them. They all enjoyed the time being all together.
