

The length of our days is seventy years— or eighty, if we have the strength; yet their span is but trouble and sorrow, for they quickly pass, and we fly away.

(Psalm 90:10 NIV)

As the time goes by...often we look back on what we have accomplished through our lives. And all what we have is just a whisper that no one can hear, a voice that no one can understand and a trouble that time cannot erase! Then we realize the things that we should have done but we find ourselves weak, without strength, and we simply fade away!

We are so blessed to know that God's power works in our weaknesses, God's grace works in our failures and God's faithfulness works in our disappointments. But praise is to the Lord our God, who by His POWER, GRACE, FAITHFULNESS and JUDGMENT gives us strength to continue, forgiveness to change, promises to hope and judgments to fear!

### **God's work in the city of Fier**

We are continuing to visit and help the school in Zharres also we have had the chance to contact with another school here in Fier we thank God for Albert & Jona who has helped us to contact with some of the students.

We were privileged to visit and spent some time at elderly asylum, and we are working to meet again with the director of the crippled people so that we might have the chance to meet each of them in person. We thank God that he has opened many doors so that we can express His image to the people and to reach them out in Christ!

### **God's work with His people**

We also thank God for the members of the church here in Fier even though we face different challenges we encourage faith to each other knowing that God is in control of everything.

On Wednesday bible class we are studying about worship in series. All of us were challenged from God's word to know the attitude that we must have toward worship.

On the Lord's Day we gathered together and worshiped the Lord our God Altin delivered the sermon on the topic; how to take care of our heart? And we know that God's word gives us the solution.
