

Glory to the King

Be perfect, therefore, as your heavenly Father is perfect. (Matthew 5:48)

What we really mean when we say “**Glory to the King**”!? How many times we have been angry with someone when they give the credits and when you know should give it to us? How many times we hate someone when they took the credit and we did not? Would be a long list with the questions but the point is in whatever circumstances are, do we really trust on the Lord? Are we really trying to “**Give Glory to the King**?” Now might be many of us and jump on and say “yes of course I serve the Lord” Now am not trying to blame anyone or judge anyone. I am just try to call attention to everyone of us just take a look to ourselves are we really doing what we should be doing? Let’s take the mirror the Word of God and examine ourselves, for is a good thing to examine ourselves where we are in our relationship with God.

What the World think about this issue?

Of course that the world does not have the relationship that we have with the King; and because of that we can see that the world is very quick in anger in hatred and it is because Satan is ruling their mind and their hearts. Now responsibility is on us to tell another way on dealing the problems on God’s way. Ezekiel would say in **Ezekiel 3:18-21** that is our responsibility to warn people that they are acting against God. For being a servant is not easy but we are having the best **Master** of all times and because of that it is worthy, and our Master asks to be responsible to Him and to one another. This is what we are doing in Fier here in the city also at the village in Zharrez trying to be nice with them when they are not with us, trying to help when they are not willing to give anything back in return. We have been in contact with people in Zharrez also here in Fier spending time with them in order to one another better. For here in Fier are two young men Klodi & Kujtim they are our age. In Zharrez with Albi and some of his friends we have been contact during the past week.

Youth day

On 1st May we attended the “**Youth Day**” that was organized from the Church of Christ in Tirana, we were a group of 7 people we would be 13 if 6 of them would be able to come, for personal reasons they were not able to come. But the group that were able to go, was encouraged and challenged in the same time, Bledi that is serving as preacher there in Tirana also he is one of graduates in **IBIA** together with me and Edi. He spoke **Jesus should increase and we should decrease based on John 3:30**.

Bible Class...

Last Wednesday we were on the conclusion what we have studied so far on “**Worship**” Edi took 15 mins to conclude all his lessons also he showed a video where it tells the work of the Creator through nature. By telling this it called our attention to Worship the only and the True Creator. On this coming Wednesday we are going to study “**How to build one another in Christ**” For we studied to Worship the

Servant of Christ

Creator and having a good relationship with God also our responsibility is to have good relationship with one another also helping one another to build up in Christ. This it will be another interesting class.

Sunday Worship Service

We are grateful to the Lord of Heaven and the earth that brought us Jesus Christ to be able to have a perfect and holy relationship with the Father. For this reason we gathered on the first day of the week to celebrate the Death and Resurrection of our King Jesus Christ. Edi shared the lesson for Sunday based on Isaiah 49:16. What is the plan that God has for us? God has built everything for our good and for His Glory. ***And we know that in all things God works for the good of those who love him, who have been called according to his purpose.*** (Rom 8:28 NIV) All this things work for the good of those that Love Him and express His love to one another.

Prayer Request

Pray for the contacts that we have right now here in Fier also in Zharrez.
