

# **It IS RIGHT FOR ME TO FEEL THIS WAY ABOUT ALL OF YOU, SINCE I HAVE YOU IN MY HEART (PHI 1:7 NIV)**

Dear brothers and sisters,

It is a wonderful picture when we stand, walk and partner together for the only and true gospel. It so uplifting to know and see brothers and sisters who walk according to the highest standard ever!

I believe that Christians on earth are like medicines, which through the Power, Wisdom, Grace and love of their God they heal and encourage the sick and broken world.

Knowing that we are here to change ourselves and to create an impact on the lives of others, we continue to reflect and share the gospel of Jesus Christ with people of Fier and wherever we go.

## **Wednesday Bible Class,**

We are still studying about Indifference. Each of us is challenged from God's word and we know that there's no room for indifference in Christian living. We are to be responsible for one another and responsible for the lost.

## **Sunday worship,**

We thank God for the blessing that he has given to us the "Eternal Life!" We continue to love God not for what he has but for what he is. Altin challenged us from the Word of God, what is attitude? (Rev 3:15)

We continue to thank God for all of you.

To His glory and power,

Altin, Edi & the church
