

FEAR GOD AND KEEP HIS COMMANDMENTS, FOR THIS IS THE WHOLE DUTY OF MAN. ECCLESIASTES

12:13

God requires us to remember and thank for every moment of our life, on whatever situation, joy or sorrow deserves thankfulness. But sometimes we as humans beings since doubts on us we have become selfish and we want only the help of our Creator and especially on our difficulties. But God wants to remember us that He has all the things on the control and He knows what it is in our minds and in our hearts.

Doing what is right on the Eyes of the Lord

We are being called to be different, also we have been appointed to be the ambassadors of peace. We are being called to love and share the Lord. For we know all of us, it is because of the Lord we do what we do. We love one another today because of The Lord, we help one another because of Him, and this can be called **“living in harmony with one another in Christ”**. So our activities have been directed by these goals.

Summer Camp

Vosjana & Me have been blessed to have the opportunity to go on the **“Summer Camp”**. Vosjana has her first experience on the **camp** and it she enjoyed very much. I could not believe it that this year on the **camp** I was one among the others to keep the order on the **camp**, the age that we had on the camp was 15-18, one of the ages that is difficult to give orders and telling them what to do, because they just figured out they know everything and they know what they are doing. So for me that was challenge to do it, but again I could identify with them because I just came from that road. Above all it was a blessing week; I was able to teach there at the camp. We also have been blessed to be witness of 5 baptisms. And lot of redemptive relationships.

Wednesday Bible Class

This past Wednesday we began our next topic “**Offense**” I did an introduction about this topic! Luke 17:1-3, Jesus said the offense will come but woe to those that will be the one that offends. Helping one another to be less as possible a stumbling block for one another but to encourage one another in Christ!

Sunday Worship Service

We are glad to have Ketu back on Worship Services, also Esi (Esmeralda) she had a surgery and now she is almost recovered. We gathered on Sunday to Worship the Lord, now the number of the members is coming up again on Sundays. We were 8 members last Sunday, our average is 14 and some days go up 17.

I taught from **1 Chronicles 28:9** “**To seek and to know the Lord better.**” Encouraging one another that more you come to know the Lord more we will come to realize how blessed we are from God.

Prayer Requests

Pray for the contacts that we have, pray that they will be open and we can work with them.

Keep praying For Edi, is filling much better right now.

Thank You in advance for your prayers.

In His Service

Altin & Edi
