

BETTER LATE THAN NEVER

At the beginning we started to write reports once in a week, and every Sunday evening we were about to write it and send it to you brothers. For many reasons we got late and late till today and it's about for the other one to be written. But better writing now than next week! But the reason we run so late it's because we have been busy all day and some days we have went at our homes around 9pm. It's because we were meeting our contacts, we were preparing for the children's class and so many other things that Edi will write on his next report. One other thing that has made us late, is I got married again, you know there are many ways telling your wife you love her, I just did but getting married with her again, by reconfirming again that I love her, that was the 1st of May that was the weeding according to Albanian tradition, and Edi also have been busy helping me a lot.

The Work of the Lord with our Contacts

I have to tell this, It was about two days before I got married, Klodi it's one of the contacts that we have and has been very encouraging to us by showing his interest and desire to learn about God's word. He took his mother and wanted to come at my place for wishes and bringing a gift for weeding, it happen that I was out and I was with Edi at the place that we meet usually for coffee also with Klodi. He came with his mother at the coffee shop, and asked me come out the bar and saw his mother with gift but the thing was that I haven't met her before. She wanted to come personally and make the wishes and bring the gift to me, and when I saw her I was about cry. it's because someone you don't know want to give a gift for marriage!? But actually she already knew us by Klodi, every time that he will be with us he will tell at home, about Bible classes and advices that have been given to Klodi, that tells a lot how the Lord can touch so many people in the same time.

Also the waiter that we usually go for coffee he always will try to find the time for coming to our table and talking with us. It's not just talking but he has been build such a trust on us that he is willing to share his personal problems with us.

We have been at the Elderly Home and we found man that were willing to talk with us, it was encouraging to us that they were acknowledging to us God and His power, that was the point where we can start talking about God.

Wednesday Bible Class

Edi is now teaching now the Bible Classes and is teaching “Jesus **reaction with different people and problems.**” And last time talked about devilish nature of the humans and how Jesus dealt with those people.

Ladies Bible Class

The Ladies have started their own Bible class, for now they are meeting once in month. I heard that the class went well, and they have talked about “God’s Word and Its truthfulness” also for the new covenant that we have in Christ.

Sunday Worship Service

We thank God that allows us to come together no matter where but coming together and worshipping Him.

Vosjana and I had the blessing to go and worship in Vlora, I preached who we are in the Lord (Galatians 3:26-27). Edi worshiped with the brethren in Fier.

Prayer Requests

Pray for Church in Vlora that God will provide someone that will serve fulltime there.

Pray For Klodi and his family, everything is well with them and God will soften their heart to listen to His Word.

Pray for the waiter Dritan that everything is well with him and God will soften his heart to listen to His Word.

For His Glory and Honor

Altin & Edi with Brethren in Fier
