

## ...he remembers that we are dust. (Ps 103:14b)

Dear brothers and sisters,

It was sad that we live in a world of 3D's! We have heard 3 Dimensional people; we have heard 3D technology, etc...

I think there are also so called 3D Christians who sometimes forget on which power they should rely on!

Our works only; are nothing but **D**estruction, our power only; is nothing but **D**eception, our flesh only; is nothing but **D**ust!

Praise is to God almighty who has blessed us with eternal life! It is through His Grace that we are saved, it is through His Spirit that we move and it is through His Love that we stand!

Always is a real blessing to let each other and lost people know about these truths! Always is wonderful to proclaim God's grace, powerful to reflect His love and amazing to remain in His Truth!

**On Wednesdays Bible class** Altin reminded again all what we have studied over the year! We had the opportunity to get challenged and to continue to put in practice what we have studied from God's Word!

**On Sunday** constantly, we gather together to give glory to the Lord our God! Glorifying God in our work, job, school, friends and family it is great! Glorifying God in His church is even greater! This time Altin challenged us.....

We continue to thank God for all of you brothers and sisters who continue to rely on Him and His mighty power!

Prayer requests,

Continue to pray for Ketj, she had the surgery and till now the doctors said that things are ok! After two weeks she will be able to be at her home!

Please keep Mira in your prayers, she lost her job

Continue to pray for us and for the God's work in Fier!

In His steps,

Altin, Edi and the church
