

**BUT IT IS STILL MY CONSOLATION, AND I REJOICE IN UNSPARING PAIN,
THAT I HAVE NOT DENIED THE WORDS OF THE HOLY ONE. (JOB 6:10 NAS)**

Greetings in the name of the Lord

If you are made from flesh and bones, some day you are going to feel pain, in the same time God has made us with a mind, that we can reason and think, and for that very reason will go on to have stress and head ache. So combining both stress and pain on your body that will not be a good feeling at all! Well Job experienced both of them and didn't deny the name of the Lord. I was talking with a brother the other day, and we both complaining for the stress that we have on the field of the Lord, and the brother reminded Job and his sufferings that he went through. We'll have to say if compares with his it's way better. ☺

So in time of distress, in time of pain, in time of rejection, in time of humiliation we should have our consolation, but rejoice for NOT denying the words of the HOLY ONE. So if I would have any complains now I don't because God's grace it's enough.

Service on the Field of the Lord....

I am continuing "***Building Redemptive Relationships***" at my sphere of influence, I have had some new contacts. But one in particular that I want to share is: his name is Amarildo, is 25 years Old and he is a Lawyer, Once in while I have invited him to have a coffee, and last time we end it up at the Church building, and as we spending some time there, he just set for a while just reading the Bible. He seems to like reading the Bible and have relationship with God but step by step.

Children's Class

My wife and I are doing also the Children class, and we have built some new relationships too. Since God has blessed us with a son Joel, being parent also has helped us to have another bridge to approach people. At least here in Fier, people will trust if you are parent, because others parents have said to us literally, "*so you are from the Church, oh ok now I trust you*" seeing us husband and wife and the kid with us. We are now continuing the children class 3 - times a week, Monday, Wednesday, and Friday. Vosjana has started to read some stories from the Bible and the children like and they want to be the ones to read the stories.

Bible Class

Now we are studying the "**Parables Of Jesus**" last time we Studied from (Mark 4:26-29) "**The Growing Seed.**" Very challenging lesson, which rose many questions to all of us, "How to Plant the Seed? How to take care of it? How to be sure that is a good soil? Challenged every one of us to look for new opportunities on planting the seed!

Prayers Requests

Please keep in your prayers, the new contacts, that God will open their mind and heart. Pray for our Children class, for it's a great bridge to reach to their families.

Striving to Bring God's Glory
