

He was in the world, and the world was made through him, and the world didn't recognize him. (John 1:10)

Dear brothers and sisters,

Some people think that they came from nowhere and they are going to nowhere! Some people wonder of how God looks like? Some others wonder how the world was created and how it works.

The reason there are people in this world that are confused, ignorant, filled with hate, rebellious, envious, fool of pride and conceit is because they do not recognize God!

But praise is to our Father and Lord Jesus Christ who made known himself to us and to the world! We know that God is love, for we know Him, we worship Him and we remain in Him! We know that God created the world and loved them and gave His only begotten Son for them!

Knowing that the world does not recognize God, we go ahead armored with God's word to proclaim it to the people in Fier and wherever we go! We Thank God for the blessing that we have by proclaiming Him through our lives! And we continue to thank God for the contacts that we have here in Fier!

During the last week on Wednesday bible classes we are continuing to study the series about offense! We thank God that through His word challenges us how to handle that! We thank God that teaches us to be builders and not stumbling blocks to one another! Altin is going to teach one more class about offense! After that we will study for 6 weeks about "Christian family!"

On Sunday on which the church once established, still in our days continues to worship God! We continue to thank Go for all brothers and sisters here in Fier! I had the blessing to share from God's word about; "obeying God's word" it means to be true friends of Jesus and true friends with each other!" (John 15:13-15)! We were also blessed to have a brother (Ari) and a sister (Suela) from the church in Durres who came and worshiped together with us!

Dear brothers and sisters if we remain in God's word we will truly be friends of Jesus, we will be real friends to each other!

Keep praying for us and God's work here in Fier!

To his glory and power,

Altin, Edi and the church
