

Greetings Brothers & Sisters

Staying focused on God it's a command from God, which means that always we have to depend on God, trusting that God will take care no matter what it's the situation in our life, and this is the very challenge because everyone of us begin to worry how to resolve the problems and we forget that the God is in control and God will take care. But also we need to be aware that Satan attacks there were are the weaknesses are, and this may cause to lose focus to rely on you THEN relying on GOD. Honestly that is what has caused me to rely on myself more then on God. *I need your prayers...* please pray for my brother Armelin...he is in a bad situation right that have caused him not to be on the standard that God wants him to be. That has caused me also to worry a lot and trying to help him on the best way that I can for the glory of God.

God's Work in Fier

God is at work here in Fier and all over the world; the only thing is that we need to be ready and waiting for the best opportunity to use for God. God knows when is right time for us to be at work, we are doing our best to stay awake and ready to serve. We are being spy here in Fier to take over the whole town, only we have to wait, "Waiting" is one virtue that we as humans being struggle a lot, "WAITING" is virtue that God values a lot, if we want to please God we need to learn how to wait for God and in God's way.

2010 Plan

We are to the end of our Plan for 2010; we are trying to have a plan that will be able to work the plan, not some ideas on papers. So that is taking time and we are also evaluating what are the spiritual needs for the body of Christ here in Fier. And based on that we are planning to use the plan of 2010!

Wednesday Bible Class

As most of you know we are studying the Book of Ephesians, and this coming Wednesday we are on the last chapter of Ephesians. So far Ephesians has been very challenging to us on our daily life how to live and how to have a good relationship with God and with one another in God. Some Good and very Interesting topics are about to come in the future.

Worshiping the Lord

Sunday the first day of the week it is a very important day to us as we celebrate our Lord's Victory over Death. We are worshiping the Lord and preparing our hearts for the rest of the week to be focused on the Lord only. I preached from James 1:2-12, considering a great joy the struggles that come in our life. Because we need to remember always to rely on God and to serve Him, in order that we need to be in peace with God we need to be in peace with one another, each one individual struggles will be considered as a great joy, if each one of us knows not only God sees us. But every member of the body of Christ is with you on prayer; in everything that you struggle that is called a body ready to help one another. God it is in control and God knows what is best for us. Prayer Request Please pray for Petraq, he is about to lose his job, Pray that he will be strong whatever happen, he has been very encouraging to us.

In His Service
