## Loving God And Loving His People!

Closer you come to God bigger becomes your sin in your sight. And more you realize you need Jesus. Growing spiritually you start to understand how necessary is Jesus for the World. We are called to proclaim The Good News to end of the Earth.

### Meeting Needs of People. Preparing them For A Spiritual appetite

December of 2017 we have been involved on helping families in need and families that have been touched by flood even beyond on what we can offer. But God has been gracious with us and provided for us ways to be at help to such people. One villages between Fier and Vlora was touched greatly by the flood. Through the organization called "Dorcas" we where able to meet with almost 100 families and gave them a cheque of \$100. We invited them to the Church Building to receive it, and some of them asked for Bibles too.

For Christmas we gave about 300 shoe boxes gifts. We invited the children with their parents we were suspecting about 100 people and we rented another place for this event. We gave 200 gifts that day and together with parents where almost 250 people on that place which made it very crowded and almost impossible to operate giving the gifts. Children had prepared some songs and dances but was very difficult with that crowd. But we did it anyway.

Please pray For My Students

Khulio Bushi, Ani Buzi, Teuta, Terezina, Jonela .

Please pray for Couples:

Godinaj Family. Ndreu Family and Rugova Family. This are the families that we have been trying to build bridges and invited them to the Church activities in different time frame.

Pray for The Brethren here that may continue to stay strong and live Jesus Daily.

Pray for also in general for all the contacts that we have building up bridges during this time.

Pray for our Family that we may stay strong in our faith and declare Jesus to everyone we know.

### ENCOURAGEMENT AND FELLOWSHIP.

On 10th of March together with other churches we organized a National meeting for ages 18-35 years old. The focus was to encourage them to stay on faith even though challenges of life may lead you away. We met in Lushnje, after having lesson and meeting in small groups we had lunch.

It was encouraging to have this age coming together and fellowshiping also encouraging one another.

For one of big challenges that we face it is this age, we pick them up as children and teach and some are baptized. After they finish high school go to college and there where the difficulty starts. They grow cold on faith and run away from Church and from faith.

And this what we need to do. Encourage them to continue college never leave faith. Encourage them to find jobs and never leave faith. Encourage them to get married and never leave faith.

### Teaching God's Word During January - March (2018)

During These months we have been involved on reaching people that we know. Even though it is hard to build relationships for spiritual matter when we live in world of material and profit. As Church for these 3 Months our focus has been "Evanglizing Our Sphere Influence". And in our Bible Studies we have studied this Topic. It is our mindset sometimes that it is hard to proclaim Jesus to the world because they don't listen. Also it hard to find people, even though we interact with people. So one of our challenges has been not speak about Jesus but live Jesus.

Our focus also has been building relationships with one another. So have had different occasions we have try to spent time together, like having coffees or meals together with members.

We continue time to time with benevolence, with clothes with and groceries.

In His Service .
