

**THE HARVEST IS VAST, BUT THE WORKERS ARE FEW. SO ASK THE LORD  
OF THE HARVEST TO SEND OUT WORKERS INTO HIS HARVEST.**

**(MATT 9:37-38)**

If we will see the field of service with the eyes of Jesus, we will see lost people everywhere, and then we will hear Lord Jesus saying pray for the workers for they are few. And if we see on our own eyes, we see, I can't I won't, we see nothing, and complain where people for we can speak to them. Wondering who is right in this case? Is us or the Lord Jesus?

Well for all of us that serve the Lord Jesus Christ should know the answer, we live in this world and weak in our flesh but strong on spirit, we should accept Christ and let Him to take control on our lives.

As for you all that know and don't know, Edi now is serving in Vlora full time, and me serving here in Fier, both fields need workers, even more all our nation even more all the world needs workers. Working locally thinking globally will make our dreams and prayers to come true.

**Bible Classes**

We finished our Class on Apologetics; Edi did a great job bringing all the facts together for the Lord Jesus Christ. We now are studying on *"Parables of Jesus"*. It will be great opportunity for every one of us here in Fier to be formed by God's Word, and this case by Parables of Jesus.

**Children's Class**

Also a great opportunity, to share the gospel is through Children, Vosjana and I have been having Children class for almost two weeks and that was a daily. We plan to have this all through the summer. Right now the attendance with the kids is 12. It's has been great, for a grandmother brought her granddaughter to attend the class, also one day a mother came and brought her daughter to the class. For both of us has been a great opportunity to teach the children but also a challenging too because handling kids from age 5 -12 is not that easy.

**Worship Service**

We are thankful to the Lord that allows us to come together to Worship Him. We had a great time together worshipping the Lord. Lord through His Word shapes in the ways that Lord wants us to be shaped.

**Prayer Requests**

Please pray for the Lord's work here in Fier, pray that as we serve Him bring Him glory.

**In His Service**
