

Time and Seasons Change But God Stays the Same (Malachi 3:6)

Can you believe the year it's almost done!? And I cannot believe my son is 9 months old now! But Times run so quickly and we are cut on our routine life that we forget the *"Bigger Picture"* we tend to forget when our Lord says *"Be ready"* the time is near. See one of the biggest temptations that we fail into is *"I have time"*. I guess every one of us has said that I got time, or I will do it tomorrow. So question is do we really have time? God says no! Devil says yes. It's our choice.

Even writing this report, I was fooled by thinking I got time, or I will do it later, or tomorrow.

God doesn't Change!

God's purpose was and it's the same, God continues to work in mysterious ways here in Fier, and on every piece of earth that are people living. I have changed I have aged a bit ☺ and I strive to reach the fullness of Christ. Living your daily life for Christ, you can see the hand of the Lord, through the relationships that you build and new people you meet. That's one of things trying to do right now meeting people, building trust and trying to meet their needs.

Our Bible Class

We are now Studying the book of Revelation, and we are studying Chapter 6, Revelation is totally different book from others that we have studied so far. Because letters tells you what to do and not do, but Revelation it tells you about Majesty of God, His Power, and how beautiful heaven is and everything is in order.

Worship Service

As gather together worshipping the Lord, we thank Him for the opportunity that he brings us together. Thanks to Lord we as members of His Body we are continuing to attend the meetings and growing in faith, and being challenged by God's Word.

Please keep us on your prayers as we continue to serve the Lord in our sphere of influence daily.

Striving to Bring God Glory
