

"I am making everything new!" (Rev 21:5 NIV)

Dear brothers and sisters,

Blessed is the Lord our God who has given to us a spirit of confidence, of love and that of power!

In God we have such a spirit that; chronology can't outdate it, second law of thermodynamic can't consume it, science and technology can't explore it, evil one cannot grab nor harm it!

For we know that He is God and every knee will bow down and every tongue will confess that He is Lord!

As we walk on this life and specifically on the streets of Fier all what we hear is about physical things, people work all day, live apart from their families, travel miles away and suffer all their lives, for what? Only because of the absence of money!

Knowing the truth about of what God has blessed us with, we go ahead with boldness for to make known to people about this wonderful God and Savior! We continue to thank God for some of the people that we have been in touch with!

We continue to praise God for our brothers and sisters in Fier, it is always a real blessing to see a group of people who follow God's absolute standard! During **our Bible classes on Wednesday**, we summed up our studying for this year about Christian Family! It has been a very challenging class to all of us; God's Word produces electricity particularly when there are some human bodies that can overpass it!

On the Lord's Day we had a blessed time worshiping God and encouraging faith to each other! Altin challenged us from God's word that all of us spiritually get sick and have the need of a spiritual doctor! (Mark 2:13-17)

After the worship we also had a picnic and spend some more time together, it was really a nice day!

We continue to thank God for all of you who continue to walk according God's standard, no matter the country no matter the background we are all one in God!

Brothers,

Continue to pray for us and for the work of God here in Fier so that all people may come to the knowledge of the truth!

To His glory and Power,

Altin, Edi and the church
