

(WE) I HAVE BECOME ALL THINGS TO ALL MEN SO THAT BY ALL POSSIBLE MEANS I MIGHT SAVE SOME. (1CO 9:22 NIV)

As we are out meeting people we are contact with a lot of kind of people that you can imagine. But being patient and having the willingness to show a different way of living, even sometimes we may expose them to light and cause them to be upset and hating us. We always try to remember ourselves *we are doing this things because we Love Jesus and we are doing this so that the Creatures that are **created according the Image of God*** to come to their real identity.

So as we go out and meeting people and trying to be friends it is not easy, but always God has a remnant also here in Fier and what we need to do is to look for those people and bring them into the light that is our goal and our **Pleasure**.

Bible Class

We are still studying our series of lessons on “**Christian Home**”, We studied about “**Abortion**” and how it is proved from the science that is life about to be killed, also what Bible talks about “**Abortion**” and that is against Abortion.

Worship Service

As came to worship the Lord, one more time we remembered ourselves Ho much God cares for us and that He is totally focused and ready to help us. And the Lesson that Edi shared was “**Does God cares for us?**” from John 14:20-23. We are thankful to the Lord Jesus Christ that has made us able once for all to know that God really cares for us and once for all to have a personal relationship with Him.

Prayer Request

Please continue to pray for us as we go out building redemptive relationships and that God strengthen us as confess about Him here in Fier.

Pray for the contacts that we have to be open in mind and in heart to see Jesus in us.

Thank You to the Lord Jesus Christ for the Covenant that we have made in Him with the Father. Also Through Jesus we have the covenant of brotherhood all over the world. Pray that brothers and sisters where ever they are to be Strong in Jesus and for Jesus.

In His Holy Service
