

**SAY AMONG THE NATIONS, "THE LORD REIGNS." THE WORLD IS FIRMLY ESTABLISHED,  
IT CANNOT BE MOVED; HE WILL JUDGE THE PEOPLES WITH EQUITY.**

**(PSALM 96:10 NIV)**

It is very important the time that we as Christian we spent with others is effective or not!? Our method on being daily out **"Building Redemptive Relationship"** it is very important our example that we are setting out there.

We are determined to tell the world that the Lord Reigns and the Lord has in control our hearts and our minds.

But it is sad in the same time when you see people the **"Creature of God"**, that is created on the "Image of God", since the beginning God has given us the potential to imitate Him in our actions in our behavior. Staying righteous in a world that is not righteous, being faithful in world which is not faithful! But our Lord is, and that is what we are called to imitate to show the real nature of a human being.

It is also very encouraging when you see people that you have influence with, will respect because of the standards that God asks us to live under. Klodi has been one of our contacts that we have spent a lot of time, one day came on our Bible class, and he came to appreciate standards that God has given us. Also a good thing for us was when we met husband of Ketu and spent some time with him. Has been very difficult for Ketu to come and attend the Bible class and Worship's services, because the husband did not want to be part on such group. But God insures us people when will come to taste God will be hard for them to live.

### **Bible Class**

We are continuing our series of lessons on **"Christian Family"** and we studied the Model and the Value of the family. What is the model that we have to take for our families? Also the model of the family what is the impact on the society? And we can see the real model that we can take is from the Bible, and we come to really value our families because they are from God.

### **Sunday Worship's Service**

We gathered on the first day of the week celebrating the resurrection of our Savior, Jesus came on this earth by telling us that we can live based on the standards that God has given us. For this very reason God calls us to **"See things with His Eyes"** God calls us to see on the potential that man can do on the potential that God has created us. And this was the Lesson that Edi delivered to us. **"Seeing things with the Eyes of the Lord" (1Samuel 16:7)**

### **Prayer Requests**

Please pray for our contacts in general that they hearts and minds will be open and see the very standards of God through us. But In the same time pray for us that we may show to people the very standard of OUR LORD.
