

WE PREACH JESUS CHRIST AND HIM CRUCIFIED!

Coming to know Christ and having a personal relationship with Him, it means that we are under oath, that our life should reflect Him alone. And it's our obligation to share the "Good News" to all the world.

Activities and Services.

Community Ministry!

Isn't encouraging when you are being called by people asking your help especially from people that you are trying to build redemptive relationships? I was called by the Director of Elderly home, asking for my assistance, for helping to make a PowerPoint presentation and helping with the Projector, for a lady celebrates her 100th birthday! Also several times I have been invited as representative of "**Church Of Christ**" on other activities that elderly home have had. Also we have been involved for almost 2 years with blind people's organization, it's a little harder to get and meet blind people often as the other people. But trying to the best we can to help this group of people too. We have been trying as body of Christ that monthly to gather a package of food supply and then we choose a family that it's really in need for food, and we go and visit them with this package of food by doing so we are trying to soften a little bit the difficulties of their life.

Children Ministry

Above all it is has been a blessing to have a children ministry, even though it's has been difficult having a definite day and time to come together but we try to come together as more as often kids can. Sometimes has been we have done 2-times in week with kids and sometimes once. But its good experience

when kids ask when will have classes for next time.

Fellowshipping with one another it's crucial for the Body of Christ. Getting to know one another better and starting to trust one another more than before. Being able to have such activities has started to have its own fruits. **20th Anniversary** for the Church of Christ in Vlora. It was a great opportunity for all the members to come together and travel together. Also a great opportunity to meet other Christians. Being able to join and celebrate with Church of Christ in Vlora, was a blessing and encouraging seeing how all brothers and sisters started and continue to stay in faith despite difficulties of life.

Retreating (Churches, Fier, Vlora, Lushnje)

We have been blessed being able to find a good place to meet all together. Our goal for this retreat was to help one another. Growing in; 1) **Love for God**, 2) **Love for One Another**, 3) **Love for the Lost**.

Edi shared the lesson on "**Love for God**", Tom shared the lesson on "**Love for one another**", and Altin shared the lesson on "**Love for the Lost**". We thought these three topics will challenge and remember us to whom we belong? And what is the purpose of our life. It was a great experience and blessing being able to spent time with one another and sharing a meal together.

Churches Meeting (Lushnje, Fier, Vlora)

At 20th Anniversary Celebration of Church of Christ in Vlora.

At Our Children Class
Prayer Requests

Please pray for the contacts, that we have, with some of them we have set Bible study, and some of them relationship is growing. Pray that we continue to reflect God as we try to serve Him and preach Christ with our Lives.

Please pray for our Nation, We are going to have election on 23rd of June, please pray that everyone keep calm and nobody gets hurt.

In His Service
Altin and Vosjana Koci
